PRODUCT GUIDE

FENCE POSTS

For over 80 years Hurricane has provided a range of high quality, hard wearing products made to last in New Zealand's harsh environment.

FENCE POSTS

Hurricane fence posts are manufactured from high grade steel providing strength and durability.

Our new range of 'Hi-Strength' posts provide improved strength while offering the added benefit of a lighter section for ease of handling.

The black coating is designed to provide protection and resistance in normal environments.

For harsh environments, we recommend our range of hot dip galvanised posts.
