

PRODUCT INFORMATION

PEWAG STAINLESS STEEL LIFTING CHAIN & FITTINGS

✦ *Match your application with the correct grade of chain and fittings.*

Pewag Austria, who can trace their history back to 1479, manufacture a range of Grade 6 Plus Stainless Steel Lifting Chain and Fittings which are now available in New Zealand from Steel & Tube - exclusive agents.

Pewag Grade 6 Plus Stainless is the highest class of C&R Stainless lifting product available and includes diameters 4mm through to 26mm with working loads from 320 kg to an amazing 12,000 kg.

This is a highly sophisticated system whose chains and components are manufactured on the basis of high grade steel material AISI 316 Ti, AISI 316 L as well as AISI 318 LN.

With so much focus on Health & Safety, the opportunity to use a Grade 6 product capable of lifting 20% more than Grade 5 offers opportunities to utilise a smaller and lighter diameter and still able to attain the WLL required.

FEATURES

- European quality manufactured (except shackles).
- Highest WLL for size.
- Corrosion resistant.
- Up to 12 tonne capacity.
- Spare parts available.

BENEFITS

- Traceability.
- Longer product life.
- Technical support.
- Customised variations available.

THE GRADE 6 PLUS STAINLESS LIFTING RANGE COMPRISES:

CHAIN	(WOX)		MASTERLINK ASSEMBLIES	(AWI + 2 x BWI) – fully welded	
MASTERLINK	(AWI)		CHAIN SHORTENER	(VLW1)	
TRANSITION LINK	(BWI)		SAFETY SHACKLE	(SSWI)	
CONNECTING LINK	(CWI)				
EYE SLING HOOK	(HSWI)				

The Connecting Link (CWI) can be utilised in combination with stainless steel chains, wire rope, eye hooks or Masterlinks – unsurpassed in terms of user friendliness and unbeatable Pewag quality.

Inox can be used in dissimilar corrosive mediums as well as at elevated temperatures – in certain circumstances, even up to a maximum of +700 degrees C.

Made in Europe, all products come with full certification and traceability.

The Grade 6 Plus Stainless range is ideally suited for (but not limited to) the following market sectors:

- Water & Wastewater.
- Food Processing.
- Dairy Processing.
- Meat Processing.
- Chemical Industry.
- Geothermal.
- Beverage.

Pewag also manufacture Grade 6 Stainless Pump Chain designed for the safe lifting and lowering of submersible pumps. Each chain can be made fully welded to your exact specifications, simply by advising the following:

- Weight of submersible pump.
- Length of chain required.
- Attachment to pump single or double leg.

Each custom made Pump Chain comes complete with a stainless tag engraved with full details of full working capacity.
